March 26, 2009

Dear SHG Parent or Guardian,

Many of you have asked about our building plans and how they are coming along. This letter is to update you on what is happening with our facility plans at West Campus and East Campus.

We finalized a facility master plan in 2007 and began discussions with our alumni and friends as to how deficiencies in our facilities could be addressed. We face multiple challenges with our West Campus building, and overcrowding is an issue in the Fine Arts area at East Campus. Our advisory board and our administrative team have held numerous meetings about how we can best serve our students and address our facility concerns while being modest and affordable with our plans.

We have hired Hanson Professional Services to develop plans to build new girls' locker rooms and renovate the current boys' locker rooms, install new heating and air conditioning, renovate offices, create additional space and address energy inefficiencies at West Campus. At East Campus, we will add a new band/multi-purpose room, install new auditorium seating and create storage space.

The idea of SHG having its own multi-sport outdoor stadium continues to come up in conversations with alumni and friends. An outdoor stadium, to be located at West Campus, is in our facility master plan. We believe the timing is right to ask our alumni and friends to support the stadium and at the same time, support our plans for East and West Campuses. The outdoor stadium will serve the baseball, softball, soccer and football teams. Construction could begin relatively soon depending on how quickly funding can be secured.

We will continue to inform you as details unfold. At this time, we ask for your prayers as we move forward with these exciting plans to carry on the proud tradition that is SHG!

Sincerely,

A handwritten signature in cursive script that reads "Sr. Katherine".
