

Tony Moscardelli

My name is Tony Moscardelli and I am a junior attending Sacred-Heart Griffin. I am very involved in the high school, currently participating on the boys basketball team. I try to get the most out of the experience here by challenging myself with difficult classes and learning new things everyday. Art has always been a hobby of mine and I'm extremely fortunate to be able to develop that talent here as well. I have to say the thing I enjoy most about SHG would be the attention I receive from my teachers; they really go out of their way to make sure that a student understands a certain topic. Making friends here is a breeze as well; it is a place for anyone looking to better themselves, and that is a common interest we all share here.
