

Connor Bland

My name is Connor Scott Bland and I am a senior student-athlete at this fine academic institution called Sacred Heart-Griffin. I am a member of the football team here and also played on three SHG basketball teams in my four years. As a person, I am a lover not a fighter and tend to just enjoy relaxing with all of my good pals and tend to spend a majority of my time sleeping, doing schoolwork, or just telling stories of dreams and life experiences with my friends. What I truly love about SHG is the many interesting people that through thick or thin, always tend to be by my side and pushing me on. That is all I have to share with you, thank you for listening SHG.
